

# TWISTSHAKE®

with passion for babies

DISEÑADO EN SUECIA

**TWISTSHAKE®**  
with passion for babies

## THE MOST COMPLETE RANGE FOR BABY FEEDING

Twistshake is a world reference in baby products. All products are designed to be combined and used together.

- Anti-colic bottles made of glass, steel and BPA free plastic.
- Straw Cup
- Pacifier and pacifier clip
- Fruit Splash glass
- Thermos for Solids and Thermos for liquids
- Plates and Placemat Click-Mat
- Learning cutlery
- Teethers
- Squeeze Bags

## BOTTLES

### DISPENSER

Perfect for a 100 ml serving.  
You can screw them together.

### BOTTLE

Available in 3 sizes:  
180, 260 and 330 ml.  
Easy to grip, made of high quality polypropylene with great heat retention.

### MIXER

Helps dissolve dust  
and avoid lumps

### Anti-colic teat

Teat with a natural design with  
four different flows.

The Twistshake anti-colic bottle is perfect for mixed breastfeeding as well as formula feeding. All Twistshake bottles include a handy dispenser for easy refilling. The exclusive TwistFlow system is an exclusive Twistshake innovation, which is developed to prevent infant colic and avoid interruptions in the flow of the bottle. Undissolved lumps in formula milk can clog the tip of the bottle and disrupt your baby's natural flow when feeding. Our exclusive grate mixer effectively dissolves the mixture and reduces the risk of clogging. The sensitive curve at the tip of the bottle ventilates it and prevents the formation of a vacuum, allowing the flow to be uniform. This helps reduce colic. The bottle has a wide neck, which allows for easy cleaning. All products are microwave and dishwasher safe.

- BPA-free - safety for you and your baby
- Plastic-PP - made of high quality premium polypropylene; retains heat
- Nipple - silicone, included
- Grid mixer - dissolves and prevents lumps
- Anti-colic valve - reduces baby colic
- Doser - Prepare it easily at home and take it with you in this practical container
- Extra wide neck - allows for easy cleaning
- Ergonomic design - easy to use, for children and parents

## ANTI-COLIC BOTTLES

### Gris

78254 (180 ml)  
78260 (260 ml)  
78266 (330 ml)

### Blanco

78006 (180 ml)  
78012 (260 ml)  
78018 (330 ml)

The Twistshake Teat's design closely resembles the mother's breast and retains the natural suckling pattern, allowing for a safe and smooth transition between breastfeeding and bottle feeding.

To ensure that the child receives the correct amount of support, the bottom of the teat is soft and bulbous. The anti-colic valve, together with the screen, reduces the baby's colic and creates an even flow.

- Six different streams
- BPA free - safety for both you and your baby
- 2 Teats per box - Made of high quality soft silicone

## ANTI-COLIC GLASS BOTTLES

**Blanco**  
78580 (180 ml)  
78586 (260 ml)

**Negro**  
78581 (180 ml)  
78587 (260 ml)

**Pastel Azul**  
78577 (180 ml)  
78583 (260 ml)

**Gris**  
78678 (180 ml)  
78679 (260 ml)

**Lila**  
78579 (180 ml)  
78585 (260 ml)

**Rosa**  
78576 (180 ml)  
78582 (260 ml)

**Verde**  
78578 (180 ml)  
78584 (260 ml)

- Strong heat-resistant borosilicate glass
- Medical grade silicone teat
- Anti-colic - Twistshakes' anti-colic function valve prevents colic with a free flow of food.
- Extra wide container neck - easy to fill and wash.
- Light weight
- Ergonomic design with removable silicone liner - easy grip for baby and adults
- Quality grade ML and US FL.
- Biphénol A free - safe for you and your baby
- Available in 180 and 260 ml sizes
- Compatible with all Twistshake Teats

## FRUIT-SPLASH CUP

**Fruit  
Splash**

### Anti drip

The non-drip lid with ultra soft handles is very comfortable for the baby and safe for the parents.

### Fruit mixer

Patented system. Add water and fresh fruit and, thanks to the Fruit Splash toothed filter, obtain the juice and create a nutritious drink

### Water and fruits

Mix your favorite fruits with water and shake it up! See how easy it is for the fruit mixer to turn them into a healthy drink

### Super bottle

Bottle with a beautiful design and polished finish for long life and maximum safety

**Kid Cup**  
360 ml +12m

**Crawler**  
300 ml +8m

**Mini Cup**  
230 ml +4m

All Twistshake Cups are leak-proof. The silicone valve prevents the liquid from spilling, the liquid only comes out when the child drinks. In addition, the valve is removable, which facilitates proper cleaning.

Mix the water with your favorite fruits, create a new healthy and delicious drink for the baby. You just have to put it in the glass, close it and shake vigorously.

The different tops in the Twistshake Tumbler range are interchangeable meaning you can use them on all tumblers. Grow with the range of Twistshake Tumblers and use the top you prefer at any time.

## STRAW CUP

### Sliding cover

The straw is easy to uncover thanks to the sliding lid. Just push back!

**Only in White**  
78592

Twistshake Straw Cups are perfect when your little one is just starting to drink. Avoid spills and easy to use thanks to its exclusive lid system. This lid is removable so it can be easily cleaned.

- Recommended for children 12 months and up.
- It is compatible with Fruit Splash Twistshake Tumblers, although the straw is only designed to fit this Tumbler.
- The straw is made of soft silicone, and it is kept clean thanks to its lid. The valve is leak proof.
- Easy open and close system. Dishwasher safe. It is recommended to place it at the top.
- BPA free - safe for the little one and their parents.

The new food bag is reusable and allows you to take home-made purees or shakes, and make them easy for the little ones to take, especially when you are away from home. The bag is filled through its wide base, with a double zip closure system.

- Available in 2 sizes: 100 ml and 220 ml.
- BPA free: safe for you and your baby.
- Dishwasher safe and suitable for refrigerator or freezer.
- Practical size: up to 220 ml capacity.
- Variety of designs available.
- Environmentally friendly.

CLICK-MAT

#### Compatible with the entire range

All the plates are designed to fit perfectly with the Twistshake cutlery, so little ones can pick up food on their own.

#### Twistclick lid

The plates are stackable with each other. Transform your plate into a children's tupperware.

#### 3 types of plates

Available 3 different plate models: divided plate, bowl or normal, all compatible with the Click-Mat system.

#### Non-slip tablecloth

The Twistshake Click tablecloth is perfect for use on the table. It fits with the plate with only one click, making impossible move or tip over the plate.

The new Twistshake series of Tray and Plate is developed to make the mealtime happier and more comfortable. Hook your plate with just one click! CLICK-MAT is an ingenious system that fits on the table and makes the plate impossible to move, even for the most energetic babies. The smart lid, included with the plates, easily transforms the plate into a lunch box. Being made up of two pieces, it is very easy to clean.

Two plates or more can be stacked thanks to the TWISTCLICK function. The shape of all the plates is developed to fit perfectly with the Twistshake cutlery.

A blanket of attachment offers security and comfort to the little ones. Find your child's favorite blanket among our comforting blankets made of soft materials

The Twistshake Attachment Blanket is made from a flame retardant material with no flame retardants and is therefore safe for children from 0 months. All details are well sewn so they won't fall off or rip off. The label on the edge of the blanket has enough space for you to write your child's name and a phone number in case the blanket gets lost.

## CONTAINER FOR POWDERED MILK

The product features a hygienic design with an airtight lid that opens easily with a single click. Inside the container there is a scoop and a "smart edge" so that you always put the right amount for your baby.

It is very important that you respect the quantities of powdered milk recommended by each manufacturer. Using more or less than the indicated amount will cause the baby to be dehydrated or will not provide the necessary nutrients.

- BPA, BPS and BPF free: safe for you and your baby
- Practical size: up to 1700 ml capacity
- Easy to open with a single click. Smart hanger: you will always have the scoop at hand
- Made of first class food grade AS and ABS plastics
- Hygienic preservation: perfect for powdered milk or porridge
- The included scoop is approximately 4.5 grams of powdered milk
